Tech Talk to Unlock your Business Potential

The Western Cape Government: Department of Economic Development and Tourism is hosting a **Tech Talk: Technology Adoption for Increased Business Productivity**, and we believe it offers immense value to the innovative entrepreneurs and alumni within your network.

If you're part of the business services sector, you know how important it is to keep customers and stay competitive in a changing market.

You'll connect with others in your field, exchange ideas, and walk away with steps that fit your business reality and help you grow.
